PROFESSIONAL SUMMARY

Aspiring Software Engineer with strong foundation in data structures, backend development, and scalable web applications. Experienced in building secure, full-stack systems using MERN stack with emphasis on performance, clean architecture, and problem-solving. Solved 300+ coding problems, demonstrating strong analytical and logical skills.

KEY SKILLS

Languages: JavaScript, SQL, Python-basics, Java, C
Databases & Tools: MongoDB, MySQL, Git, GitHub, VS Code, Postman
Backend (Basic): Node.js, Express.js, REST APIs, JSON based data workflows
Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS
Core Concepts: API Security, Database Optimization

PROJECTS

Medical Inventory Sharing Platform | MERN Stack Nov 2025 – Dec 2025

- Designed RESTful APIs to manage real-time medicine inventory across multiple pharmacies with structured validation.
- Implemented server-side data validation and consistency checks to ensure accurate and reliable updates.
- Optimized MongoDB queries and indexing for efficient geolocation-based pharmacy search and fast retrieval.

Event Booking System | MERN Stack Dec 2024 – Oct 2025

- Developed secure backend services using JWT authentication and role-based access control.
- Designed normalized database schemas for booking management and availability tracking.
- Improved API efficiency by reducing redundant queries and optimizing booking workflows.

Intelligent Academic Risk Mitigation System | MERN Stack + ML Feb 2026 – Feb 2026

- Built backend services to process and manage structured academic performance datasets.
- Integrated a machine learning model to predict academic risk levels with data-driven insights.
- Optimized database schemas and queries for scalable storage and efficient analytical processing.
- Deployed the application on **Vercel** with environment configuration and production build optimization.

EDUCATION

B.E. – ECE | Expected Graduation: May 2027
Bannari Amman Institute of Technology

ACHIEVEMENTS & CERTIFICATIONS

- Web Development Certification – Udemy
- Python Programming Certification
